NUMBER OF EVENTS PERMITTED

- Each school will be allowed ONE competitor per event, and ONE relay team for each age group.
- Age is taken as from January 1st in the year of competition.
- Provided that the student is qualified by age, they may compete in the following number of events:
- Schools with a secondary enrolment greater than 300: Any **FOUR EVENTS**.
- Schools with a secondary enrolment of 100-300 students: Any **FIVE EVENTS**.
- Schools with a secondary enrolment of less than 100 students: Any **SIX EVENTS**.
- Please note: Wheel and Ball events are separate from above guidelines.

INSTRUCTIONS TO ALL TRACK AND FIELD COORDINATORS:

1. All officials must understand their organising tasks, event rules and measuring and recording protocols. A copy will be provided to all schools for perusal.
2. All officials, including student helpers, should wear an appropriate official's bib for identification. All school officials should collect this with the recording sheets from the **Recording Tent** prior to the start of the first event. In this way, officials will be recognised. Only official personnel will be allowed within the arena.
3. Officials are requested to arrive at event venues well before (at least 5 minutes) the scheduled starting times and carry out all preparations to ensure a punctual start.
4. All officials must return all recording sheets to the **Recording Tent** at the conclusion of each event. All recording sheets must be completed legibly and correctly.

COMPETITORS DRESS CODE:

1. In both track and field events each competitor **must wear** correct school athletics uniforms (including running spikes)
2. In both track and field events all competitors **must wear** appropriate footwear.
3. Each competitor must wear the correct school athletic uniform. In field events, track suit bottoms may be worn. In track events, skins or leotards below the knees may be worn.
4. Competitors will be asked to remove clothing and/or accessories deemed unnecessary or a distraction to other competitors or officials or deemed unsafe by officials.

THE ARENA:

1. Only officials and competitors, whilst actively engaged in events, will be allowed on the arena.
2. Strictly no spectators, coaches or other competitors will be permitted on the central arena area. This is a safety and duty of care matter.
3. All school staff, competitors and spectators are to remain in designated school bays, or spectator areas.
4. Competitors and officials must go to and from events by the safest and most appropriate route, rather than through the central arena area.

CLASH OF EVENTS:

1. Competitors in a field event where another event clashes, must inform the official in charge of the field event and notify them when leaving and returning.
2. They are to negotiate with the official how they are to have their 3 attempts and if necessary, may have them all in the one round, provided they have reported in at the start of the event.
3. Competitors **MUST** return to the field event immediately following the completion of their other event.
4. After the completion of the field event, the official will allow 5 minutes for the athlete to return before results are finalised. In high jump, the bar may be higher when the competitor returns.

STARTING AND FINISHING PROCEDURES:

1. In all track events except the 800m and 1500m, competitors will run in lanes as designated by the official program.
2. Competitors must start in the crouch position for the 100m, 200m, 400m, and 1st leg of the 4x100m Relay.
3. 800m and 1500m events will have a 'bunch start'.
4. At the completion of events, track competitors are required to stay in their assigned lane until given instructions by the place judges.
5. False starts: If the same individual student offends twice, they will be disqualified.

RELAYS:

- | | | |
|----|----|--|
| 1. | 2. | 3. The baton must be passed between the two yellow lines (30m apart). |
| | | 4. Before they start running, the athlete can stand wherever they want to in their lane after the start line. |
| | | 5. Competitors must stay in their own lane whilst and after they make the change. |
| | | 6. A relay baton when dropped must be picked up by the person who dropped it even if the baton is outside the lane. In doing this they must ensure that they do not interfere with another runner. The runner must re-join the race at the point they left their lane. |
